The History of the privately owned Deutsche Afrika-Linien/John T. Essberger Group of Companies dates back to the year 1924 when the former Imperial Navy Officer, Commander John Theodor Essberger established himself as a tanker shipowner in Hamburg/Germany. Today the company, which has meanwhile become highly diversified, is managed in the third generation by the Essberger/von Rantzau Family.

With our two services from North Europe we have the possibility to offer you competitive transittimes to all the major South African Ports like Cape Town and Durban.
